Conference Schedule	<p>During the course of the fellowship all trainees will be required to attend and take part in local, national and international meetings, including but not limited to those hosted by the SMSNA, ISSM, FUS, SES-AUA, and the AUA. Fellows are required to submit their research abstracts to these meetings for presentations. In addition to these formal meetings, under the guidance of Dr. Rafael Carrion, the fellow will take part in training days hosted by the University of South Florida, where urologists from around the world come to watch live surgery.</p>
Fellowship Application (PDF/Link)	<p>Applications should be sent to the fellowship director and administrator. Please include in the application a letter explaining your interest in the field, curriculum vitae, and the time frame for which you are applying. No letter of recommendation and personal statement are necessary.</p>
Interview schedule (Free text)	<p>Interviews should be scheduled during the winter/spring of the year prior to the applicants' senior year of residency training. A decision will be provided by that same summer, providing the incoming fellow an entire year to obtain a Florida Medical Training License and plan for the move to Tampa. In order to schedule an interview please email the fellowship director and administrator.</p>
