

# **Bioenvironmental Issues Affecting Men's Reproductive and Sexual Health**

**Editors: Suresh C. Sikka and Wayne JG Hellstrom**

## **CONTENTS**

**Introduction** – Suresh C. Sikka

**List of Chapters and Contributors:**

### **PART-A**

---

#### **Men's Reproductive Health**

##### **Section I - Biology of Male Reproductive Tract and Environment**

- 1. How the Environment and Air Pollution Disrupts Spermatogenesis and Male Reproductive Health: A Mechanistic Approach**  
*Jorge Hallak, Mariana Matera Veras, and Paulo Hilario Nascimento Saldiva*
- 2. Environmental Issues Resulting in Hypogonadism**  
*Carlos Teodósio Da Ros and Túlio Meyer Graziottin*
- 3. Environmental Risk Factors Related to Male Reproductive Health**  
*Serap Gur and **Suresh C. Sikka***
- 4. Effect of Environmental Toxins on Spermatogonial Stem Cells**  
*Kara E. McAbee, Anthony Atala, Colin Bishop, Hooman Sadri-Ardekani*

##### **Section II – Life Style Issues and Male Reproductive Health**

- 5. Lifestyle Stress and its Impact on Male Reproductive Health**  
*Angela Pressman, Antonio Hernandez, and **Suresh C. Sikka***
- 6. The Impact of Lifestyle Factors on Male Reproduction: Body Composition, Diet, Exercise, and Recreational Drug Use**  
*Manaf Alom, Kevin Wymer, and Landon Trost*
- 7. Obesity, Hypogonadism, and Male Fertility – The Role of Diet and Environment**  
*Joseph A. La Nasa*

**8. Lifestyle Factors and Medical Therapy in the Management of Male Fertility**

*Tolulope O. Bakare and Jason R. Kovac*

**9. Yoga Meditation Lifestyle Intervention: Impact on Male Reproductive Health**

*Rima Dada and Madhuri Tolahunase*

**10. Lifestyle, Environment and Male Reproductive Health: A Lesson to Learn**

*Ibraheem Rehman, Gulfam Ahmad, and Saad AlShahrani*

**Section III – Environmental Factors Affecting Male Reproductive Health**

**11. Environmental Issues in Maintaining Reproductive Health**

*Michael Lao, Brooke A. Harnisch, and Stanton C. Honig*

**12. Environmental Contamination and Testicular Function**

*Ralf Henkel*

**13. Reproductive Health Issues in Latin America: Role of Environment**

*Milton Ghirelli-Filho and Sidney Glina*

**14. Adverse Effects of Drugs on Male Reproduction**

*Mira Aubuchon and Erma Z. Drobnis*

**15. Beneficial or Detrimental Effects of PDE5-inhibitors on Semen Quality and Testicular Function?**

*Fotios Dimitriadis, Sotirios Skouros, Atsushi Takenaka, Nikolaos Sofikitis*

**16. Environmental Issues Resulting in Hypogonadism i.e., Andropause**

*Shubhadeep Roychoudhury and Rudrarup Bhattacharjee*

**Section IV – Mechanistic Approaches to Environmental Issues**

**17. Androgen Receptor Modulators: The Impact of Environment and Lifestyle Choices on Reproduction**

*Hoang Minh Tue Nguyen, Daniel J Heidenberg, and Suresh C. Sikka*

**18. Heavy Metal Toxicity Affecting Fertility and Reproduction of Males**

*Fouad M. Badr and Ola ElHabit*

**19. Environmental Toxicants Induced Male Reproductive Toxicity – Role of Oxidative Stress**

*Shiv Basant Kumar, Rima Dada, and Narmada P. Gupta*

**20. Role of Environmental Toxicants in Sperm Autophagy, Mitophagy, and Apoptosis**

*Chandra Mohan and Suresh C. Sikka*

**21. Impact of Environmental Factors on the Genomics and Proteomics Landscapes of Male Infertility**

*Ahmet Ayaz, Narasimhan Kothandaraman, Ralf Henkel, and Suresh C. Sikka*

**Section V – Laboratory Aspects in the Evaluation of Male Reproductive Function**

**22. Role of Sperm Chromatin Structure Assay Technology in Evaluating Sperm DNA Damage due to Environmental Influences**

*Don Evenson*

**23. Standardized Semen Analysis and Quality Control Management for Multicenter Male Reproductive Toxicology Clinical Trials**

*Suresh C. Sikka and Ahmet Ayaz*

---

**PART-B**

---

**Men's Sexual Health**

**Section VI –Biology of Male Sexual Function and Environment**

**24. Components of Erection and Ejaculation as the Potential Target Systems for Environmental Toxicants.**

*Laith Alzweri, and Arthur L. Burnett*

**25. Effects of Endocrine Disrupting Chemicals on Penile Tissue Development, Histo-architecture and Erectile Physiology**

*Abdulmaged M. Traish*

**26. Penile Fibrogenesis Affecting Men's Reproductive and Sexual Health: Role of Age and Environmental Factors**

*Omer A. Raheem, Fady Ghali, and M. Raj Rajasekaran*

**27. The Epidemiology and Pathophysiology of Erectile Dysfunction and the Role of Environment – Current Updates**

*Sarah Collica, Filippo Pederzoli, and Trinity Bivalacqua*

## **Section VII – Environmental Issues Affecting Male Sexual Function**

### **28. Environment, Drugs, and Chemical Exposures in the Realm of Human Sexuality**

*Suresh C. Sikka*

### **29. Role of Risk Factors Such as Smoking, Alcohol and Substance Abuse on Sexual Health of Brazilian Men**

*Carlos Teodósio Da Ros and Túlio Meyer Graziottin*

### **30. Effects of Electronic Cigarettes on Men’s Reproductive and Sexual Health**

*Bashir M. Rezk, Suresh C Sikka, and Wayne J.G. Hellstrom*

### **31. The Influences of Diet, Supplements and Environmental Stressors on Male Erectile Function**

*Yuji Hotta, and Kazunori Kimura*

### **32. Endocrine Disruptors in the Environment Affecting Erectile Function**

*Run Wang and Chris Kannady*

## **Section VIII – Regulatory and Other Issues Involving Environment Affecting Overall Male Reproductive Health**

### **33. Environmental Health Policy Regarding Men’s Reproductive and Sexual Health**

*Amit Reddy, Malhar J. Parikh, Andrew T. Gabrielson, and Suresh C Sikka*

### **34. Drugs of Abuse: Men’s Reproductive and Sexual Health**

*Nora M Haney, BS; Linley Diao, BA; Kenneth DeLay*

### **35. Post-traumatic Stress Disorder and its Effects on Men’s Sexual and Reproductive Health**

*Andrew Gabrielson, James Liu, and Suresh C Sikka*

### **36. Perfumery, Essential Oils and Household Chemicals Affecting Reproductive and Sexual Health**

*Suresh C. Sikka and Alma R. Bartolome*
