ISSM

- ISSM promotes, encourages and supports the highest standards of practice, research, education and ethics in the study of human sexual function and dysfunction
- **Multidisciplinary**: scientists, clinicians and physicians in the field of urology, andrology, gynecology, endocrinology, psychology and psychiatry from all over the world with a common interest in Sexual Medicine
- Current membership 2,200 members
History

- Established in 1978 as the ISIR
- Initial focus was basic science, diagnosis & Rx of ED
- Now, as ISSM, has a broader focus to include all aspects of human sexuality
- ~2200 members from all 5 continents and 89 nations
- Under the umbrella of ISSM, there are 7 affiliated professional societies
  - APSSM, ESSM, ISSWSH, MESSM, SASSM, SLAMS, SMSNA
ISSWSH is an affiliated society to ISSM since January 1st, 2014. ISSWSH is an international society.
Affiliated Societies

• ISSM aims to deal with global issues and leave regional, national and local issues to regional, national and local societies.

• ISSM is an independent global partner for international activities on sexual medicine, both for physicians as well as for industry. International network, global expert panels for standards and definitions, etc.
