Fellowship Administrator & Contact Information	Kimberly Rinehart, rinehart.kimberly@mayo.edu , 507-538-6335
Candidate Citizenship	<input type="checkbox"/> US only <input checked="" type="checkbox"/> US & Canadian <input type="checkbox"/> All Nationalities
Fellowship Duration	<input checked="" type="checkbox"/> 12 months <input type="checkbox"/> 24 months Other _____ months
Type of Fellowship	<input type="checkbox"/> Sexual Medicine only <input type="checkbox"/> Reproductive Medicine only <input checked="" type="checkbox"/> Combined

Research Available	<input checked="" type="checkbox"/> Mandatory <input type="checkbox"/> Optional <input type="checkbox"/> Clinical research <input type="checkbox"/> Laboratory research <input checked="" type="checkbox"/> Clinical & Laboratory research
Fellowship Overview (300 words)	<p>The one-year Andrology Fellowship at Mayo Clinic's campus in Rochester, Minnesota, provides advanced clinical and surgical training in all aspects of andrology and men's sexual health. The fellowship is designed to enhance the basic knowledge of the management of male pelvic sexual reproductive health acquired by a urology resident in both surgical and non-surgical disciplines. The Department of Urology at Mayo Clinic is committed to excellence in patient care, education and research. The department coordinates more than 100,000 patient care visits a year and annually performs:</p> <ul style="list-style-type: none"> • Simple & Complex penile implants (> 100/year) • Peyronie's Disease treatment including incision and grafting treatments • A high volume of penile doppler, xiaflex and in-office andrology procedures including Rezum prostate treatment • In-office vasectomy reversal (included vaso-epididymostomy) (about 100/year) and other procedures • Sexual dysfunction, infertility, and benign prostatic hyperplasia (BPH) evaluation and management • About 100 fertility-related procedures (varicocele, testis biopsy) • Numerous ongoing andrology-related research studies and registries • More than 1,000 men's health procedures per year <p>You participate in clinical care through a preceptorship model incorporating three Faculty (Kohler, Trost, Ziegelmann) several advanced practice providers, three Men's Health nurses and numerous others on the Men's Health team.</p>
Research Focus (300 words)	<p>To facilitate research endeavors, you are granted access to pre-existing databases for penile implants, Peyronie's Disease, and fertility. In addition, faculty members have several active databases and studies.</p>
Surgical Procedures Performed	<input checked="" type="checkbox"/> Penile implant <input checked="" type="checkbox"/> Penile plication

	<ul style="list-style-type: none"> X Plaque incision/excision and grafting <input type="checkbox"/> Penile revascularization <input type="checkbox"/> Crural ligation X Priapism shunting X Penile fracture repair X Varicocele ligation X Vasectomy reversal X Vasectomy X TESE x Percutaneous sperm extraction <input type="checkbox"/> Electroejaculation <input type="checkbox"/> Penile vibratory stimulation
Office Procedures Performed	<ul style="list-style-type: none"> X Duplex Doppler Ultrasound <input type="checkbox"/> Cavernosometry/caverosography X Penile deformity assessment X Intracavernosal injections x Intralesional injections
