FUNDAMENTALS - I
Talk to people.
Ask lots of questions.
Educate yourself.
Annual workshop to foster career development in urologic research by providing participants with a solid foundation for successful grant writing. Activities include:

- Funding agencies (e.g., NCI, NIA, NIDDK, VA)
- One-on-one mentoring
- Mock peer review (NIH CSR Participation)
- Research project management
- Career development
- Supported by NIDDK and Urology Care Foundation

Past workshop attendees have been awarded $9 million in research funding
Online Research Education Courses

Designed to Build on the AUA’s successful clinical education program, increase engagement with AUA Research, and provide a revenue stream for AUA Research programming.
